RSTMH Annual Meeting

AI in Global Health: Ethics, Equity & Innovation

Message from the Chief Executive of RSTMH

Join us for the RSTMH Annual Meeting 2025, dedicated to exploring the impact of Artificial Intelligence (AI) and digital technology on global health. Held in central London, the event will bring together researchers, clinicians, policy-makers, technologists, regulators and implementers to explore how innovations in AI are reshaping prevention, R&D, surveillance, diagnostics, and treatment, particularly in low- and middle-income countries.

Our 2025 theme, **AI in Global Health: Ethics, Equity & Innovation**, will address both the opportunities and critical questions posed by AI: How is AI currently being used in the field? Who benefits from these technologies? Whose data is being used? And how can we ensure inclusive innovation?

The RSTMH Annual Meeting provides a unique opportunity to position your organisation at the centre of this conversation. Whether you offer cutting-edge technology, services, or research partnerships, our flexible sponsorship and exhibitor packages offer maximum visibility and engagement with delegates. We hope to see you there.

TAMAR GHOSH

RSTMH CEO

Programme

A two-day conference in central London, exploring the impact of AI and digital technology on global health. Experts from research, policy, and industry will discuss innovation across surveillance, diagnosis, and treatment, alongside the ethical and equity issues these developments raise.

We are excited to announce our speakers, including:

- [Professor Rifat Atun](#) (Harvard), Professor of Global Health Systems
- [Dr Peiling Yap](#) (Health AI), Chief Scientist
- [Carleigh Krubiner](#) (Wellcome), Bioethics Lead
- [Rohit Malpani](#), Consultant on AI in health, AMR, and access to medicines
- [Dr Gita Khalili Moghaddam](#) (University of Cambridge), Principal Investigator, Department of Clinical Neurosciences
- [Professor Adam Roberts](#) (LSTM), Professor of Microbiology Medicine
- [Professor George M. Varghese](#) (CMC Vellore), Professor and Head of Department of Infectious Diseases
- [Dr Bhargavi Rao](#) (Médecins Sans Frontières and LSHTM), Strategic Lead for Research and Associate Professor in Humanitarian Health
- [Dr Craig Tipple](#) (DNDi), Medical Director
